

B-Line / 1By1 / Wave

B-Line/1By1/Wave is a robust and flexible solution for single-sided desks and study carrels. Glare is minimised by the low profile Wave shade, which conceals a wide angle extruded lens set in an asymmetric position to provide excellent illumination right to the front of the desk.

Available in standard and bespoke sizes covering up to 2m in a single span, the product can also be seamlessly joined together to fit any desk configuration.
